15	What was Richard Arkwright's contribution to the Industrial Revolution?	
16	How were children treated in the mills?	

## The Exam

The summer exam will last for one hour and contain two sections:

### Section 1 (sources)

In Section 1 there are three questions and you must answer them all.

- 1. What can you tell from Source A about ....**
  - If it is a picture you must describe part of the source and explain what you can tell from it.
  - If it is a written source you must quote part of it and explain what you can tell from it.
- 2. How far do Sources A and B agree?**
  - Explain both how the sources agree with each other and how they disagree with each other.
  - Make sure you describe or quote parts of each source and explain how they agree or disagree.
- 3. How reliable is Source C?**
  - First consider the content of the source - does it agree with what you know? Is the language exaggerated?
  - Then consider the provenance of the source - who created it, when, why?

### Section 2 (knowledge)

In Section 2 you will have a choice of questions. Each question will have three parts:

- a) What ...?**
    - You need to give at least 4 facts.
  - b) Why ...?**
    - You need to explain two or three reasons.
  - c) Which do you think was the most important?**
    - You need to explain a number of reasons for an event, and to explain which you think was the most important.
- or
- c) How far do you agree with this statement?**
    - This question is asking you to explain what agrees with the statement, what disagrees with the statement, and reach a conclusion.
