Geography	<input type="checkbox"/>		

Signature of Parent or Guardian _____ Date _____

Please return this form to the Admissions Secretary, Solihull School, Warwick Road, Solihull, West Midlands, B91 3DJ by Monday 7 February 2011.

SOLIHULL SCHOOL SIXTH FORM SCHOLARSHIPS 2011

Academic Scholarship Examination: Wednesday 2 March

Solihull School offers a substantial number of scholarships each year for the Sixth Form. The scholarships range in value from 50% to 10% of fees for the two years. There are specific scholarships for Music, for Art and Design, and for Design and Technology, but all the other academic scholarships are awarded on the basis of written papers in a wide range of subjects. A number of the scholarships are named scholarships, funded by bequest. For example, the top scholarship in Maths and Science is the Ansell Scholarship and the top scholarship from the arts subjects is the Bushell Scholarship. A candidate for a Maths Scholarship will take two Maths papers; a Science Scholarship candidate will take one Science paper and a Maths paper. Candidates taking arts subjects must take a subject paper from the subjects listed on the application form, plus a General Paper, which is compulsory. The General Paper lasts for one hour and will involve a choice of essay questions on topical issues.

The minimum requirement for applying for any of the Scholarships is a predicted grade A at GCSE in the same subject. Scholarships are awarded in a particular subject and **successful candidates will be expected to take that subject for A Level in both Sixth Form years.**

Candidates may apply for only one of the Scholarships listed overleaf. However, the practical Music Scholarship may be taken in addition.

Art & Design Scholarship

The maximum value of this scholarship is 50% remission of fees. Candidates must submit a folio of work and a sketch book. In addition there is a two-hour objective drawing test. The assessments will take place during March.

Design & Technology Scholarship

The maximum value of this scholarship is 50% remission of fees. Candidates will be expected to deal with a problem by producing a solution and a complete artefact or system. They should also be able to discuss design issues more widely than is required for GCSE Design & Technology, and should bring design folios and practical work to an interview, which will take place during March.

Practical Music Scholarships

The maximum value of these scholarships is 50% remission of fees. Successful candidates at this age are usually post-Grade 8. The Director of Music is always glad to interview prospective candidates informally before the scholarship tests and talk to parents. The Music Scholarships will take place on Thursday 3 and Friday 4 March 2011. A separate application form is available from the Admissions Secretary, Mrs Janice Edwards (telephone 0121 705 4273).

The closing date for applications Monday 7 February 2011.
