Mr H - Parent at Harrow

Monthly Payments...

What are the benefits?

- Helps you manage your monthly budget
- Fund your children's school fees over 12 months
- Add extras to your fees such as school trips
- No need to reapply each year

How to apply:

- Simply visit: www.sfpschoolfees.co.uk
- Search for your school using the search function
- Click on 'Apply Now'
- Complete the online application

How does School Fee Plan work?

The application process is fast, online and straightforward. Once you have successfully completed the application, we pay your child's school fees & any extras directly to the school. This can either be for just one term or for all the terms in the academic year. You simply repay us via a monthly direct debit.

Is there a charge?

Yes, a transaction fee is payable on the advance and is illustrated in this example:

- Termly School Fees: £5,000
- Transaction Fee: £155.00 (3.10%)
- Total Amount Payable: £5,155.00
- Repaid over 4 months at: £1,288.75
- Representative 5.8% APR variable

For your personal illustration please visit www.sfpschoolfees.co.uk and search for your child's school using the search bar.

How long does the arrangement last?

Its up to you. Repayments are spread equally over the term. For one term there will be four payments and for the entire year, there will be twelve. You can join or withdraw at the beginning of any term without incurring any penalties.

There is also no need to reapply each year, your school will renew the arrangement with us directly until your child leaves the school or you chose to withdraw.
