SOLIHULL

We are not just looking for the brightest talents, but those who have a spark, an independent spirit, and great curiosity. Scholars are the trailblazers, who view challenges as opportunities and emerge even more resilient with each trial they face.

Scholars are active members of school life; engaging with peers, collaborating with teachers, participating in teams and ensembles and motivating those around them.

The breadth of scholarships available represents the diversity of talent and skills celebrated by the Solihull community. Whilst not every scholarship applicant will be successful, we encourage all pupils with a passion and desire to apply. We ensure that the assessment process is a fun and enjoyable experience as we value equally the effort pupils put into the process, by stepping up and putting themselves forward.

Being a scholar at Solihull means more than just winning a prize, it's about committing to being the best one can be and leading the way for others to follow.

Kind regards,

Mrs K L Robinson
