FIRE ORDERS 2023-2024 – PREP SCHOOL CAMPUS

GENERAL INSTRUCTIONS

1. Any member of the school community discovering a fire should sound the alarm and report to the Fire Control Officer on the Playground (Netball Courts). The Fire Control Officer with the input of the Site Fire Officer will decide whether to call the Fire Brigade. If it is clear to a member of staff that the Fire Brigade should be called immediately, they should do so and subsequently inform the Fire Control Officer.
2. The school will assemble on the Playground and Form Tutors should check their form groups and report to their Head of Year who should in turn report to the Fire Control Officer. The administration staff should bring the pre-printed School registers with them to the Playground for distribution. The School Nurse should inform Form Tutors of any pupils sent home due to illness. If any form tutor is absent, the senior member of staff from the relevant year should take over the duty of checking and reporting.
3. The Maintenance Team should direct the Fire Brigade appropriately when they arrive
4. Pupils and staff should walk, not run, to the assembly points. Persons requiring assistance should be helped from a building by trained staff. No one should leave the site during an evacuation
